7 Days to Die (PC) cheat sheet

General

W	Move character forward
A	Move character left
S	Move character backward
D	Move character right
Space	Jump
Left Shift	Sprint
Ctrl	Crouch (toggle)
C	Crouch
Left click	Activate an item's secondary effect
Right click	Activate an item's primary effect
E	Open door / Search Container
E	(hold over doors or chests) Activate the option icons used to lock or unlock, etc.
R	Reload the weapon
R	(when searching for a loot) Take everything at once. This will cause more noise than taking the contents piece by piece
Tab	Inventory
M	Open / Close the Map menu
G	Drop the selected object from the Tool belt. If a stack is selected, it will drop one out of the stack
F	Toggle flashlight
Wheel up and wheel down	Control the zoom level of Weapon and Map_Menu. Also cycles the Toolbelt
I	Show other players and their statistics
