BitWarden cheat sheet

Auto-fill

Ctrl + Shift + L	(Windows, Linux) Auto-fill with last used login
Cmd + Shift + L	(macOS) Auto-fill with last used login
Cmd + \ or Cmd + 8	(macOS - Safari) Auto-fill with last used login

Use the shortcut above when viewing a login form.

Popup window

Ctrl + Shift + Y	(Windows) Open the popup window
Cmd + Shift + Y	(Linux) Open the popup window

Shortcuts above will open the popup window. You can then press Tab to select the login you would like to auto fill and then press Enter

Customizing shortcuts

To customize these shortcuts on Chrome, Opera, Brave and edge, go to chrome://extensions page and find the "Keyboard shortcuts" button.

In Firefox, you can go to the Addons Preferences page.
