Changing difficulty

There are four difficulty levels in Cyberpunk 2077: Easy, Normal, Hard, Very Hard. If you find the current option too easy or too difficult, you can change it by following these steps:

- Press Options/Menu,
- Press R1/RB to scroll to Gameplay,
- Scroll to "Game difficulty" and use left/right to select the difficulty,
- Press O/B to lock-in the new difficulty.

Last modification: 3.9.2022 8.30.03
