## Viewer panel

|                           |                                         |
|---------------------------|-----------------------------------------|
| Flèche gauche             | Move selected layer left by one pixel   |
| Flèche droite             | Move selected layer right by one pixel  |
| Flèche vers le haut       | Move selected layer up by one pixel     |
| Flèche vers le bas        | Move selected layer down by one pixel   |
| Maj + Flèche gauche       | Move selected layer left by ten pixels  |
| Maj + Flèche droite       | Move selected layer right by ten pixels |
| Maj + Flèche vers le haut | Move selected layer up by ten pixels    |
| Maj + Flèche vers le bas  | Move selected layer down by ten pixels  |
| V                         | Select tool                             |
| H                         | Hand tool                               |
| T                         | Text tool                               |
| Flèche droite             | Rectangle mask tool                     |
| E                         | Ellipse mask tool                       |
| F                         | Freehand mask tool                      |
| B                         | Orbit tool                              |
| Ctrl + Alt + Maj + L      | Set selected mask point to linear       |
| Ctrl + Alt + Maj + C      | Set selected mask point to curved       |

## Editor sequence timeline

|             |               |
|-------------|---------------|
| V           | Select tool   |
| H           | Hand tool     |
| C           | Slice tool    |
| S           | Snap toggle   |
| Alt + Suppr | Ripple delete |

|                           |                                        |
|---------------------------|----------------------------------------|
| Flèche gauche             | Move selected clip left by one pixel   |
| Flèche droite             | Move selected clip right by one pixel  |
| Flèche vers le haut       | Move selected clip up by one pixel     |
| Flèche vers le bas        | Move selected clip down by one pixel   |
| Maj + Flèche gauche       | Move selected clip left by ten pixels  |
| Maj + Flèche droite       | Move selected clip right by ten pixels |
| Maj + Flèche vers le haut | Move selected clip up by ten pixels    |
| Maj + Flèche vers le bas  | Move selected clip down by ten pixels  |

## Composite shot timeline

|                     |                                                         |
|---------------------|---------------------------------------------------------|
| V                   | Select tool                                             |
| H                   | Hand tool                                               |
| C                   | Slice tool                                              |
| S                   | Snap toggle                                             |
| Ctrl + Alt + N      | Open new layer menu                                     |
| Ctrl + Alt + A      | New plane                                               |
| Ctrl + Alt + C      | New camera                                              |
| Ctrl + Alt + L      | New light                                               |
| Ctrl + Alt + G      | New grade                                               |
| Ctrl + Alt + T      | New text                                                |
| Ctrl + Alt + P      | New point                                               |
| Alt + ,             | Move playhead to previous keyframe of selected property |
| Alt + .             | Move playhead to next keyframe of selected property     |
| Flèche gauche       | Move selected layer left by one pixel                   |
| Flèche droite       | Move selected layer right by one pixel                  |
| Flèche vers le haut | Move selected layer up by one pixel                     |
| Flèche vers le bas  | Move selected layer down by one pixel                   |
| Maj + Flèche gauche | Move selected layer left by ten pixels                  |

|                           |                                         |
|---------------------------|-----------------------------------------|
| Maj + Flèche droite       | Move selected layer right by ten pixels |
| Maj + Flèche vers le haut | Move selected layer up by ten pixels    |
| Maj + Flèche vers le bas  | Move selected layer down by ten pixels  |

## Media panel (when panel is active)

|                     |                                         |
|---------------------|-----------------------------------------|
| I                   | Set in point                            |
| O                   | Set out point                           |
| Flèche gauche       | Move trimmer playhead to previous frame |
| Flèche droite       | Move trimmer playhead to next frame     |
| Maj + Flèche gauche | Move trimmer playhead left by 5 frames  |
| Maj + Flèche droite | Move trimmer playhead right by 5 frames |
| Debut               | Move trimmer playhead to start          |
| End                 | Move trimmer playhead to end            |
| Ctrl + Maj + N      | Create new composite shot               |
| Ctrl + Maj + A      | Create new plane                        |
| Ctrl + Maj + O      | Import media files                      |
