

Google Cloud Shell Terminal cheat sheet

General

Ctrl + Shift + Page Up / Down	(Windows) Scroll the display
Fn + Shift + Up arrow / Down arrow	(Mac OS) Scroll the display
Ctrl + C	(Windows) Copy the text
Cmd + C	(Mac OS) Copy the text
Ctrl + V	(Windows) Paste at cursor location
Cmd + V	(Mac OS) Paste at cursor location

To send a key combination, click Send Key Combination and then press Ctrl + V.

Changing Alt Gr key

Cloud Shell allows you to specify which key behaves as Alt Gr (your modifier key). To specify key mapping, go to the Terminal Settings menu, select Terminal Preferences > Keyboard > Alt Gr Key and choose one of the options.
