Esc	Open game menu
Space	Open pack

3rd party program: Hotkeys

As recommended by Reddit user Unicornsity, this program lets you add shortcut keys for some actions like emoting, attacking and ending the turn. Here are these shortcuts:

Middle click or Ctrl + Space or Ctrl + Enter	End turn
Ctrl + Left click	Target enemy hero with what is under the mouse cursor
F1 or Num 1 or End	Emote "Greetings"
F2 or 2 or numdown	Emote "Well Played"
F3 or NUM3 or numPage Down	Emote "Thanks"
F4 or Num 4 or numleft	Emote "Sorry"
F5 or Num 5 or numClear	Emote "Oops"
F6 or Num 6 or NumRight	Emote "Threaten"
Ctrl + Esc	Concede
Ctrl + M	Toggle the option "Sound in Background" (experimental)
Ctrl + A	Attack the enemy hero with all available minions
Ctrl + W then ForwardClick	Attack the enemy hero with all available minions, afterwards end the turn

Download: Hearthstone Hotkeys

Note: We didn't test or scan this program and cannot say if it's reliable. Use at your own risk
