Input Director 2.1.1 cheat sheet

General

Left Ctrl + Left Alt + PauseBreak	Return control to this Director system

The hotkey above will allow you to return control to the Director system. If things get really frozen up, you can always use Ctrl + Alt + Delete to regain control of input.

Left Ctrl + Left Alt + Insert	Ctrl + Alt + Delete equivalent for directed systems
Ctrl + LWin + L	Lock (Win + L) equivalent for directed systems
Left Ctrl + LWin + R	Rescan and update systems availability
