

7 Days to Die (PC) cheat sheet

General

| | |
|-------------------------|---|
| W | Move character forward |
| A | Move character left |
| S | Move character backward |
| D | Move character right |
| Space | Jump |
| Left Shift | Sprint |
| Ctrl | Crouch (toggle) |
| C | Crouch |
| Left click | Activate an item's secondary effect |
| Right click | Activate an item's primary effect |
| E | Open door / Search Container |
| E | (hold over doors or chests) Activate the option icons used to lock or unlock, etc. |
| R | Reload the weapon |
| R | (when searching for a loot) Take everything at once. This will cause more noise than taking the contents piece by piece |
| Tab | Inventory |
| M | Open / Close the Map menu |
| G | Drop the selected object from the Tool belt. If a stack is selected, it will drop one out of the stack |
| F | Toggle flashlight |
| Wheel up and wheel down | Control the zoom level of Weapon and Map_Menu. Also cycles the Toolbelt |
| I | Show other players and their statistics |
