League of Legends cheat sheet

General

Q	Use champion's 1st ability. For abilities that target a champion, you must follow this by either left-clicking the champion or pressing F1 - F5 to target a team member. Same for W, E, and R keys
W	Use champion's 2nd ability
E	Use champion's 3rd ability
R	Use champion's 4th ability (Ultimate)
Ctrl + Q	Add an ability point to the champion's 1st ability
Shift + Q	Smart cast champion's 1st ability
Shift + W	Smart cast champion's 2nd ability
A	Attack Move (Champion moves to point, stopping to attack any enemies along the way)
S	Stop Command (Champion stops their current course of action)
4	Use trinket
B	Recall
C	Open champion statistics page
G	Toggle alert ping cursor
Y	Toggle camera lock on champion
Space	Center camera on champion (holding Space will hold the camera on the champion until released)
V	Toggle retreat ping cursor. Clicking with this hotkey on an allied champion (or their icon in the upper left area of the screen) will show an alert telling that specific champion to fall back
Alt + Left click	Ping location/Open Radial Menu
Ctrl + Left click	Retreat Ping location/Open Radial Menu
F2	Move camera to corresponding ally champion (camera must be unlocked)

Shift + Enter	Open chat with "/all" already written
