

League of Legends cheat sheet

General

Q	Use champion's 1st ability. For abilities that target a champion, you must follow this by either left-clicking the champion or pressing F1 - F5 to target a team member. Same for W, E, and R keys
W	Use champion's 2nd ability
E	Use champion's 3rd ability
R	Use champion's 4th ability (Ultimate)
Ctrl + Q	Add an ability point to the champion's 1st ability
Ctrl + W	Add an ability point to the champion's 2nd ability
Ctrl + E	Add an ability point to the champion's 3rd ability
Ctrl + R	Add an ability point to the champion's ultimate ability
Alt + Q or Q + F1	Cast champion's 1st ability on self (must be a support spell)
Alt + W or W + F1	Cast champion's 2nd ability on self (must be a support spell)
Alt + E or E + F1	Cast champion's 3rd ability on self (must be a support spell)
Alt + R or R + F1	Cast champion's ultimate ability on self (must be a support spell)
Shift + Q	Smart cast champion's 1st ability
Shift + W	Smart cast champion's 2nd ability
Shift + E	Smart cast champion's 3rd ability
Shift + R	Smart cast champion's 4th ability
A or X or Shift + Right click	Attack Move (Champion moves to point, stopping to attack any enemies along the way)
Alt + Right click	Command Pet (E.g. TibbersSquare Tibbers)
S	Stop Command (Champion stops their current course of action)
H	Hold Command (Hold works like Stop, but is toggled while held down)

D	Cast 1st Summoner spell
F	Cast 2nd Summoner spell
1	...to 3 and 5 to 7: Use consumable item in corresponding inventory slot
4	Use trinket
B	Recall
Esc	Close current window, such as the shop
C	Open champion statistics page
G	Toggle alert ping cursor
Y	Toggle camera lock on champion
Space	Center camera on champion (holding Space will hold the camera on the champion until released)
O	Open match stats page/leaderboard
Tab	Open match stats page/leaderboard (unlike O, the screen will disappear when the Tab button is released)
V	Toggle retreat ping cursor. Clicking with this hotkey on an allied champion (or their icon in the upper left area of the screen) will show an alert telling that specific champion to fall back
Ctrl + L	Cycle through minion health bar views
Shift + L	Turn off champion health bars
Shift + K	Turn off summoner names above champion health bars
P	Open item shop
Arrow keys	Scroll camera in the corresponding direction
Alt + Left click	Ping location/Open Radial Menu
Ctrl + Left click	Retreat Ping location/Open Radial Menu
F2 or F3 or F4 or F5	Move camera to corresponding ally champion (camera must be unlocked)
F12	Take a screenshot

Enter	Create chat cursor
Shift + Enter	Open chat with "/all" already written
Ctrl + F	Toggle the numeric frames-per-second and latency display
Z	Open chat history
~	Hold down to select or target only champions when using champion abilities or summoner spells
