

League of Legends cheat sheet

General

Q	Use champion's 1st ability. For abilities that target a champion, you must follow this by either left-clicking the champion or pressing F1 - F5 to target a team member. Same for W, E, and R keys	D	Cast 1st Summoner spell
W	Use champion's 2nd ability	F	Cast 2nd Summoner spell
E	Use champion's 3rd ability	1	...to 3 and 5 to 7: Use consumable item in corresponding inventory slot
R	Use champion's 4th ability (Ultimate)	4	Use trinket
Ctrl + Q	Add an ability point to the champion's 1st ability	B	Recall
Ctrl + W	Add an ability point to the champion's 2nd ability	Esc	Close current window, such as the shop
Ctrl + E	Add an ability point to the champion's 3rd ability	C	Open champion statistics page
Ctrl + R	Add an ability point to the champion's ultimate ability	G	Toggle alert ping cursor
Alt + Q or Q + F1	Cast champion's 1st ability on self (must be a support spell)	Y	Toggle camera lock on champion
Alt + W or W + F1	Cast champion's 2nd ability on self (must be a support spell)	Space	Center camera on champion (holding Space will hold the camera on the champion until released)
Alt + E or E + F1	Cast champion's 3rd ability on self (must be a support spell)	O	Open match stats page/leaderboard
Alt + R or R + F1	Cast champion's ultimate ability on self (must be a support spell)	Tab	Open match stats page/leaderboard (unlike O, the screen will disappear when the Tab button is released)
Shift + Q	Smart cast champion's 1st ability	V	Toggle retreat ping cursor. Clicking with this hotkey on an allied champion (or their icon in the upper left area of the screen) will show an alert telling that specific champion to fall back
Shift + W	Smart cast champion's 2nd ability	Ctrl + L	Cycle through minion health bar views
Shift + E	Smart cast champion's 3rd ability	Shift + L	Turn off champion health bars
Shift + R	Smart cast champion's 4th ability	Shift + K	Turn off summoner names above champion health bars
A or X or Shift + Right click	Attack Move (Champion moves to point, stopping to attack any enemies along the way)	P	Open item shop
Alt + Right click	Command Pet (E.g. TibbersSquare Tibbers)	Arrow keys	Scroll camera in the corresponding direction
S	Stop Command (Champion stops their current course of action)	Alt + Left click	Ping location/Open Radial Menu
H	Hold Command (Hold works like Stop, but is toggled while held down)	Ctrl + Left click	Retreat Ping location/Open Radial Menu
		F2 or F3 or F4 or F5	Move camera to corresponding ally champion (camera must be unlocked)
		F12	Take a screenshot

Enter	Create chat cursor
Shift + Enter	Open chat with "/all" already written
Ctrl + F	Toggle the numeric frames-per-second and latency display
Z	Open chat history
~	Hold down to select or target only champions when using champion abilities or summoner spells
