Ctrl + H	detach: detach the selected modules from the rest or convert the clones to the normal patterns;
Insert or Cmd + I	insert an empty note and shift the pattern content down; or just insert something
Backspace	delete previous note and shift the pattern content up; or just delete something
Del	delete
(Not assigned)	previous layout
(Not assigned)	next layout
(Not assigned)	layout: normal
(Not assigned)	layout: timeline
(Not assigned)	layout: pattern editor
(Not assigned) layout: module view +	controllers
(Not assigned)	layout: controllers
(Not assigned)	layout: module view

Application

Esc	exit the application

Project

Ctrl + Shift + N	new project
Ctrl + O	load project
Ctrl + S	save project
Ctrl + B	save project to BACKUP.sunvox

Musical keyboard

Z,S,X,D,C,V,G,B,H,N,J,M,",';',''/' : Notes

Q,2,W,3,E,R,5,T,6,Y,7,U,I,9,O,0,P,[,=,],ENTER: Notes

F1 or F2 or F3 or F4 or F5 or F6 or F7 or F8	Set octave number
Shift +)	Octave up
Shift + (	Octave down

Brush

Ctrl + E	play current note (in the pattern editor) and copy it to the brush
(Not assigned)	play current note (in the pattern editor), copy it to the brush and go to the next line
Ctrl + L	play current line (in the pattern editor) and copy it to the brush
(Not assigned)	play current line (in the pattern editor), copy it to the brush and go to the next line
(Not assigned)	play the 1st line of the brush
(Not assigned)	copy selected area of the pattern to the brush
Ctrl + G	paste from the brush

Pattern editor

Space	edit mode ON/OFF
Ctrl + =	increase the edit step
Ctrl + -	decrease the edit step
Caps Lock or ~	insert "Note OFF" (==)
K	insert a special command "Set Pitch" (SP)

Shift + K	insert a special command "Previous Track" (<<)
(Not assigned)	insert a special command "Stop the Module" (XX)
