

Norwegian letters cheat sheet

Windows: Alt hotkeys

Note: Before using these shortcuts, make sure Num Lock is on. Type the specified number with numpad while holding Alt key.

Alt + 146	Æ
Alt + 145	æ
Alt + 0197	Å
Alt + 134	å
Alt + 0248	ø
Alt + 0216	Ø
Alt + 225	ß

Mac/Apple

These shortcuts can be used on a standard Mac keyboard.

Option + '	æ
Option + O	ø
Option + A	å
Shift + Option + '	Æ
Shift + Option + O	Ø
Shift + Option + A	Å

macOS: Alternative method

To type any international character including unlauded Norwegian vowels, press and hold the keyboard letter most similar to the letter you wanted to type.

For capital letters, hold Shift key and also hold the letter. A menu will appear with similar looking alternate characters.

Click on the desired character to insert it.
