Linux Infrared Remote Control: Window

The Rhythmbox Music Player includes a plugin for Linux Infrared Remote Control (LIRC) support. The following command strings are supported, using the program name 'rhythmbox':

play: Start playback

pause: Pause playback

playpause: Toggle between playing and paused

shuffle: Toggle the shuffle play order

repeat: Toggle the repeat play order

next: Skip to the next track

previous: Skip to the previous track

seek_forward: Skip 10 seconds forward in the playing track

seek_backward: Skip 10 seconds backward in the playing track

volume_up: Increase the playback volume by 10%

volume_down: Decrease the playback volume by 10%

mute: Mute the playback
