Shortcuts with mouse

In the Content Editor, when you hover mouse over the ribbon, you can scroll through tabs by using mouse wheel. This may help when you want to search for a command.

Alt + Left click + Move the mouse or Ctrl + Left click	Use to drag items
--	-------------------

+ Move the mouse

Context menu

Ctrl + Right click Get browser's context menu

Sitecore Desktop

Ctrl + F2	Window manager (then click on a window)
Ctrl + /	Focus on the search bar
Ctrl + Win	Sitecore menu

Content Editor and Desktop

F9	Publish
Ctrl + Shift + F	Search
