# MLB The Show 23 (Xbox) cheat sheet

## Hitting

When using buttons input type:

| | |
|---|---|
| Y button | Press early and hold for sacrifice bunt |
| Y button | Press late for drag bunt |
| X button | Power swing |
| B button | Contact swing |
| A button | Normal swing |
| A button or Right thumb stick - up | Normal swing |
| Right thumb stick - left and right | Contact swing |
| Right thumb stick - down | Power swing/Stride and swing |
| Right thumb stick | Release for check swing |
| Right thumb stick | Direction in zone |

## Pitching - Pure analog interface

| | |
|---|---|
| LB (left bumper) button + A button | Pitch out |
| LB (left bumper) button + B button | Intentional walk |
| RB (right bumper) | Pitch type 5 |
| A button | Pitch type 1 |
| B button | Pitch type 2 |
| Y button | Pitch type 3 |
| X button | Pitch type 4 |

To use Pure Analog Pitching, start by selecting your Pitch Type and use Left Thumb Stick to aim to your desired location in the zone.

Then, pull back on the Right Thumb Stick to start Pitch Delivery and push forward fast/slow to set the velocity.

The Pitch Accuracy can also be adjusted by moving Right Thumb Stick left/right during release.

## Throwing controls - Button & button accuracy interfaces

| | |
|---|---|
| LT (left trigger) button | Switch to closest player (without ball) |
| LB (left bumper) | Throw to cutoff |
| button | |
| RT (right trigger) | Dive |
| RB (right bumper) | Jump |
| Right thumb stick | Jump/Dive |
