| Ctrl + Shift + Tab                 | Previous tab               |
| Ctrl + Shift + D                   | Duplicate tab              |
| Ctrl + ,                           | Open settings              |
| Ctrl + Alt + ,                     | Open default settings file |
| Ctrl + Shift + ,                   | Open settings file         |
| Ctrl + Shift + Up arrow            | Scroll up                  |
| Ctrl + Shift + Down arrow          | Scroll down                |
| Ctrl + Shift + Page Up             | Scroll up a page           |
| Ctrl + Shift + Page Down           | Scroll down a page         |
| Alt + Shift + - or Alt + Shift + + | Split pane                 |
| Alt + Shift + Arrow keys           | Resize pane                |
| Alt + Arrow keys                   | Move focus                 |
| Ctrl + = or Ctrl + -               | Adjust font size           |
| Ctrl + 0                           | Reset font size            |
| F11                                | Fullscreen                 |

These are only shortcuts for the Windows Terminal main window. Don't forget to look at Windows Command Line shortcuts for selecting text and accessing command history, etc.
