Mouse Tricks

Anywhere

Middle click	Open in new tab (equivalent to Shift + Click). Needs "Middle-click opens folder in new tab" enabled.

As rule of thumb, any text or icon you see anywhere on the info panel or the status bar can be copied to the clipboard by double-clicking it. Some special cases are extensions to this rule:

Image Preview

Mouse actions directly on the preview image:

Audio/Video Preview

Mouse actions directly on the progress bar:

Floating Preview and Full Screen Preview

Wheel up	Previous Image.
